

ISSO Open 'Listening' Meeting 2

March 7, 2017

Attention International Students, Scholars and Concerned Faculty, Staff and Community Members,

Second meeting to take this opportunity to gather together as a community and express what is on your mind!

For those of us watching the news-feeds every day, whether they are from the U.S. or around the world, concerns continue to arise with regard to possible changes in immigration policies as well as treatment of individuals from various ethnic, religious, or language backgrounds. With this in mind, the ISSO welcomes you to come together to express your concerns, experiences or simply to listen to one another.

Second meeting taking place Tuesday, March 7th at 11:00 am in CHHS 281

Sincerely,
The ISSO Staff

Live. Lean. Be Global.
