V. Immigration / Travel

The Department of Homeland Security (DHS) is responsible for immigration regulations in the U.S. Although students are expected to know the regulations that relate to their visa status, the ISSO advises on these sometimes complicated and strict laws. These regulations also change from time to time, which is why students should be in close contact with the ISSO.

Documents & Definitions

- Passport—a document issued by your home government

giving permission to travel outside the country. It is renewed through your embassy.

- Visa— a multi-colored stamp or designated page in the passport which is issued by a U.S. consulate abroad, allowing a visa holder to enter the U.S. for the time designated on the visa. It only needs to be valid on the day you enter the U.S. and can expire while a visitor is in the U.S. (Note: Canadians are exempt).

*** If your visa expires or you change your status and you travel outside the U.S. you will need to obtain a new visa at a U.S. consulate abroad, as it is not possible to obtain or revalidate the visa in the U.S. ***

- I-94 (Arrival/Departure Record) - May be printed from www.cbp.gov/I94. It indicates the date of entry, class (F1/J1), and authorized period of stay in the U.S. which should be “**D/S**” (**duration of status**). *Important—if there is anything other than “D/S” marked on your I-94 or any errors, please see the ISSO immediately.*
- I-20 / DS-2019—The I-20 is the immigration document for F1 students, the DS-2019 for J1 exchange visitors. The document should reflect your current academic program and personal information and should be kept with your passport. When signed by a Designated School Official in the ISSO, they serve as valid travel documents.

Types of Visas

- F1 student: permits an individual to enter the U.S. for full-time study at a designated institution. The **I-20** is used to obtain an F1 visa at an embassy outside the U.S.
- J1 exchange visitor: permits an individual to enter the U.S. for study, teaching, research, and training. Form **DS-2019** is used to obtain a J1 visa.

Maintaining Your Immigration Status

- Keep a valid passport for six months beyond

expiration date.

- Maintain full-time academic student status, which is a minimum of 12 hours for undergraduate students; 9 hours for graduate students; online enrollment limited to 3 hours per semester toward fulltime enrollment.
- Obtain appropriate employment authorization for any off-campus work.
- Apply for program extension if more time is needed PRIOR to expiration of I-20 or DS-2019.
- Keep mailing address up-to-date on My UNC Charlotte.

Transferring or changing to another U.S. institution

You must notify the ISSO of your intent to transfer prior to the end of the current semester and make a decision of which school you intend to transfer to within 60 days of the last date of being registered. The ISSO will then “release” your SEVIS record to the new school and they will issue you a new I-20 / DS-2019.

*See the ISSO for more information.

Student and Exchange Visitor Information System (SEVIS)

SEVIS is the tracking system used by the Department of Homeland Security (DHS) and U.S. universities to keep up-to-date information on all F1 and J1 students.

The ISSO is required to send regular reports on the following information:

- ⇒ Information on I-20 or DS-2019
- ⇒ Academic program data (level of study, program start and end dates, program extensions, school transfer, employment authorization)
- ⇒ Current address

Travel

- Inside the U.S.—Carry your passport, I-94, and I-20 or DS-2019 or photocopies of these documents

- Re-entry to the U.S.
Documents required:
 - ⇒ I-20 or DS-2019 with signature from ISSO staff within the last year
 - ⇒ Valid passport (at least 6 months into the future)
 - ⇒ Valid U.S. visa (unless traveling to Canada and Mexico, in which case the visa is automatically revalidated)

OPT workshops & CPT workshops:

The ISSO conducts information sessions each semester on employment which are announced via email and posted on www.isso.uncc.edu. Students must attend an information session if they plan to participate in OPT or CPT.

Taxes

- Social Security & Medicare — Students with F1 or J1 visas are exempt from withholding Social Security and Medicare taxes if they have been in the U.S. in that status for 5 years or less.
- Income tax — All students who work are required to file federal and state income tax forms in the spring of each year. The ISSO offers access to a database which assists international students in filing their taxes.

1X. Cultural Adjustment

Adjustment to any new situation or culture is not accomplished in just a few days but is rather an ongoing process. **Four stages** of cultural adjustment are listed below for your consideration:

1 Honeymoon Stage

This stage is characterized by your happiness, anticipation, and excitement. Everything is new. The “dream” to study in the U.S. is coming true. This is an exciting time and in all the enthusiasm you frequently nod or smile to indicate understanding when in fact you have not understood. As your misunderstandings mount up, you are likely to experience the second stage of cultural adjustment.

2 Hostility Stage

During this time you have periods of great frustration, anger, anxiety, and sometimes depression. Following the initial excitement has come frustration with the college bureaucracy and the weariness of speaking in and listening to English everyday. Sleep patterns may be disrupted. You may suffer from indigestion and be unable to eat. Often your reaction is to reject the new environment in which you feel discomfort. You may think, “If I feel bad and it’s because of them.” At this point, you may display ‘hostility’ toward the new culture. There may be anger over minor frustration, fear and mistrust of Americans, frequent absenteeism, lack of interest, and lack of motivation. Many academic problems begin during this stage. The hostility stage can be a difficult and painful stage. Realizing this can be very beneficial in moving on to the third stage of cultural adjustment.

3 Humor Stage

This stage follows when you begin to relax in a new situation and to laugh at minor mistakes and misunderstandings, which previously would have caused major headaches. This more relaxed state of being occurs after you have made some friends, learned to manage the size and

complexity of the University, understand your studies, and you begin to pass your tests.

4 Home Stage

You find yourself here as you are able to retain an allegiance to your home culture, but also “feel at home” in your newly acquired culture. You have successfully adjusted to the norms and standards of the University and the U.S., and should be commended for the ability to live successfully in two cultures.

Customs, Values, Beliefs

It is good to conform to the customs of the country but don't lose your own personal values and beliefs.

Daylight Saving Time Adjustment

An adjustment in clocks to allow for more daylight hours during the spring and summer months.

- Daylight Savings Time begins at 2:00 a.m. on the first Sunday in April. All clocks are moved forward one hour. 2:00 a.m. becomes 3:00 a.m.
- Daylight Saving Time ends at 2:00 a.m. on the last Sunday in October. All clocks are moved backward one hour - 2:00 a.m. becomes 1:00 a.m.

Note: it is suggested that you change the time before going to sleep Saturday night.

X. Well known US Holidays

- New Year's Day (January 1) a time to make new resolutions
- Martin Luther King Jr. (3rd Monday in January) special remembrance for his leadership in the area of civil rights
- George Washington's Birthday (February 22) First President of United States, celebrated on the Monday before his birthday
- St. Patrick's Day (March 17) an Irish holiday when people traditionally wear green
- Easter (end of March / sometime in April) a religious holiday; remembrance of death and resurrection of Jesus

- Halloween (October 31) originally a religious holiday. It is now typically celebrated with costumes, masks, "trick-or-treat" at people's doors and having parties
- Thanksgiving (4th Thursday in November) remembrance of the Pilgrim's (the first Europeans) first successful harvest shared with Native Americans. It is a time for families to gather and enjoy big dinners usually with turkey and all the trimmings
